

Experience the Revolution

Faster. Smarter. Better.

- High volume for peak demands
- Increased drink capacity
- Load ice less frequently
- Portion control reduces product waste
- Customizable menu
- USB/thumb drive support
- Seals out moisture
- No mechanical gears to wear out

Blend Faster with Our Most Efficient Design Ever.

Engineered to drastically increase service speed. The **MagnaBlend™** blended frozen beverage station, boasts a blink-and-you'll-miss-it 9-second blend time. And that's not all. The integrated shaved ice dispenser and rinse station mean there's no need to move back and forth between separate prep areas. Simply blend, rinse and repeat.

Blend Smarter with Unprecedented Connectivity.

MagnaBlend is loaded with new technology to make your life easier. Among these advancements is a USB port. This forward-thinking feature lets you connect a laptop to upload your latest signature recipes. Or better yet, share them with your franchise network using a thumb drive.

Blend Better with Breakthrough Magnetic Technology.

Perhaps **MagnaBlend's** biggest innovation is the source of its smooth, ice-crushing power. Instead of relying on direct-contact gear mechanisms that can wear down, MagnaBlend eliminates friction by utilizing magnetic force. A sealed design locks out damaging moisture.

MAGNABLEND SPECIFICATIONS & CAPACITY

Blender with Rinse Station

Width	15-3/4"	400.1mm
Depth	24-3/4"	628.7mm
Height	22-3/4"	577.9mm
Weight	47lbs	25.85kgs
Electrical - 2 Connections	I 10Vac, 5.3A, 60Hz, 1 Phase I 10Vac, 0.8A, 60Hz, 1 Phase	

Plumbing - Rinse Station

Drain	7/8" Diameter	
Connection	1/4" ID - 3/8" OD Quick Connect Hose/Fitting	
Water Pressure	Max 125PSI Min 30 PSI	
Incoming Water Temperature	Max 125 F/51.67 C Hot water recommended when allergenic products are used.	

Ice Hopper

Large ice bin holds approximately 23lbs of cubed ice so you load less frequently for more efficient operations. (Optional extra large bin holds approximately 28lbs of cubed ice.)

Blender Pitcher

BPA-free. Blend up to 2-16 ounce drinks at once.
