

Countertop Rotisseries

SCR-6 Six spit countertop
SCR-8 Eight spit countertop

Countertop Rotisseries offer popular rotisserie-style roasting in high-performance single cabinet units that help save on valuable floor space.

Description

Countertop electric rotisseries with programmable controls.

Configuration

Single cabinet countertop unit with optional adjustable legs or locking casters.

- SCR-6 holds six spits or baskets.
- SCR-8 holds eight spits or baskets.

Countertop rotisseries may be stacked over their corresponding Henny Penny Rotisserie Display, SCD-6 or SCD-8. SCT-800 Rotisserie Tables are also available to provide a base for countertop rotisseries. (See separate data sheets for details.)

Main Features

- Digital electronic controls with international symbols and 9 programmable cook cycles.
- LED panel with separate, simultaneous time and temperature displays.
- Spit rotation switch for easy loading.
- Large, attractive tempered glass doors.
- Auto-stop rotation when doors open.
- THERMA-VEC® Even Heat Process combines infrared heating with gentle, cross-flow convection.
- Simple three-piece drive tube and rotor assembly.
- Drive assembly, drip trays and drain pans are easily disassembled for quick clean up.
- Easy-to-clean coated parts available separately.

SCR-8 with eight angled spits.
